

# Visual Subtraction

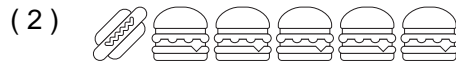

Name: \_\_\_\_\_ Date: \_\_\_\_\_

Use the objects to help you complete the subtraction problems.

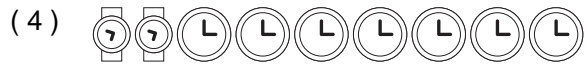

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

# Visual Subtraction ANSWER KEY

Use the objects to help you complete the subtraction problems.

$$\underline{9} - \underline{2} = \underline{7}$$

$$\underline{6} - \underline{5} = \underline{1}$$

$$\underline{9} - \underline{6} = \underline{3}$$

$$\underline{9} - \underline{7} = \underline{2}$$

$$\underline{7} - \underline{6} = \underline{1}$$

$$\underline{5} - \underline{2} = \underline{3}$$

$$\underline{9} - \underline{5} = \underline{4}$$

$$\underline{8} - \underline{2} = \underline{6}$$

$$\underline{6} - \underline{3} = \underline{3}$$

$$\underline{7} - \underline{2} = \underline{5}$$

$$\underline{9} - \underline{4} = \underline{5}$$

$$\underline{10} - \underline{6} = \underline{4}$$
